

The not-so-bare essentials.

A brilliant display. A Multi-Touch trackpad. A fast processor. And a battery that won't tie you down. What more could you want in an affordable notebook?

Brilliant LED-Backlit Display

A glossy widescreen display with vivid color and instant-on brightness.

Under the Hood

Advanced NVIDIA graphics, a fast Intel Core 2 Duo processor, 2GB of memory, and a large drive up to 500GB.

Built-in 7-Hour Battery

Work or play for up to 7 hours between charges thanks to the long-lasting battery. ¹

Glass Multi-Touch Trackpad

Plenty of room to navigate and more innovative ways to interact with your MacBook.

MagSafe and More

A magnetic power connection, built-in wireless, SuperDrive, and ports for your everyday tasks.

Built-in iSight Camera

Use the camera and iChat software to stay connected with friends and family.
