Reassurance to our school community

Assalamu Alaikum wa Rahmatullahi wa Barakatuhu

We would like to reassure parents and students about the hygiene practices that we are reinforcing and the cleaning and care we are taking of our learning environment.

- Regular assemblies around updates of COVID - 19 and reminders of good hygiene practises.
- Posters have been displayed in the school to reinforce and encourage personal hygiene practises.
- Hand Sanitisers are being installed into all classrooms that don't have a sink (washing hands with soap is still best) and will also be installed in staff common areas.
- More foam soap and paper towels have been ordered as we have been advised to turn off the hand air dryers.
- All desks and tables will be sanitized daily.

You can ring Healthline (for free) on their new dedicated 0800 number specifically for health-related calls about COVID-19 (0800 358 5453) at any time.
