

In terms of Excellences and Merits at L1, 2 and 3 , ZCG's percentage pass rate is much higher than the national and decile 1-3 pass rates.

Our students are highly successful in their studies as demonstrated by the data above.

ZCG's NCEA L1 results are higher than the percentage pass rate for a similar 1-3 Decile school.

However, our L1 NCEA results for 2019 are slightly below the national average. This is due to various factors such as getting new students starting really late in the year with lack of credits, family issues(absenteeism), holidays during term time etc.

ZCG's NCEA L2 results are way above the national and 1-3 decile school average pass rate. It is exemplary and shows that our teachers are able to work with these students productively and enable higher success for all

ZCG's NCEA L3 results are also much higher than the national and 1-3 decile school average pass rate. It is excellent and shows the success of the learning Progression s as students are prepared for their university education.

ZCG's UE Year 13 results are substantially greater than the national and 1-3 decile school average pass rate which puts our learners at a significant advantage in terms of gaining entrance at reputed universities.

OVERALL RESULTS 2019	ZCG	NATIONAL	1-3 DECILE
NCEA -L1	63.30%	70.60%	58.50%
NCEA- L2	90.90%	77.40%	69.70%
